

Directions to ICAMS

► How to get to ICAMS:

From Düsseldorf International Airport:

If you arrive at Düsseldorf International Airport, you can reach us by Taxi (a 40-minute ride), by local trains (RE or S-Bahn) or by car. **Taxis** are always available at the central arrival gates.

The terminals are connected to the **Airport Railway Station** (»Bahnhof Düsseldorf Flughafen«) by the **SkyTrain**, which travels between the terminal and the »Flughafen« airport railway station at 3½ to 7 minute intervals from 3:45 a.m. until 0:45 a.m. daily. The journey between the two end stops, the »Bahnhof Düsseldorf Flughafen« railway station and »Terminal C«, is 6½ minutes. Should you not have a valid ticket, you are required to obtain a short-range fare ticket in order to ride on the SkyTrain (or on substitute buses). Ticket vending machines are located at the SkyTrain stations.

The fare for getting to and from the airport is covered by the airfare ticket at some travel operators and airlines. For more detailed information, please contact your travel agent directly.

Should you have to buy a ticket (about 12,00 €) for **public transport (VRR)**, you will find **ticket vending machines in the SkyTrain terminal or the Airport Railway Station**. For getting from »Düsseldorf Airport« to ICAMS you need a Zone D ticket. Please make sure that you have **sufficient small change or bills**, as these machines only accept EC-cards and cash, but no credit cards. Public transport (VRR) tickets also cover the SkyTrain fare.

At the airport railway station you have to take a **local train** »Regional express«, **RE1, RE6 or S1 in the direction of either Dortmund, Hamm, or Minden**. You can download the timetables of the S1 on our website. You can plan your individual connection in advance at <http://efa.vrr.de>.

Please note that the faster IC-type or ICE-type trains may not be used with tickets for local trains. However, you can buy tickets for these trains online at <http://www.bahn.de>.

From Bochum central station

From »Bochum Hauptbahnhof« you can either continue your journey by **public transport**, taking the subway line **U35** (on weekdays the trains leave every 5-10 minutes) into the **direction »Hustadt«** and get off at »**Wasserstr.**« after 4 minutes. Take the right side of the road and walk about 100 metres straightforward, and you have reached the ICAMS building (black bricks), **Universitätsstr. 90a**.

Should you prefer taking a **taxi**, you will find cars at both entrances, usually more of them at the main entrance. The fare to ICAMS is about 7,00 €.
