

Period: Summer Term 2021

Time: Thursdays at 12.00 Venue: RUB, online
The corresponding Zoom links are communicated by the hosts

DATE	GUEST/TITLE
May 20, 2021	Prof. Dr. mont. Christoph Kirchlechner, Karlsruher Institut für Technologie Paving the way towards three dimensional microstructure and strain characterization during in situ deformation <i>Host: M. Stricker</i>
June 10, 2021	Jun.-Prof. Dr. Helge Stein, Karlsruher Institut für Technologie Accelerating materials science for clean energy production, storage and utilization <i>Host: A. Ludwig</i>
June 17, 2021	Prof. Dr. Benjamin Butz, University of Siegen Micro- and Nanoanalytics at USiegen – Advanced, <i>in situ</i> and cryo-EM for Materials Research <i>Host: G. Eggeler</i>
July 8, 2021	Prof. Jorge Íñiguez, Luxembourg Institute of Science and Technology Topic: to be announced <i>Host: A. Grünebohm</i>
July 15, 2021	Prof. Dr. rer. nat. Astrid Pundt, Karlsruher Institut für Technologie Topic: to be announced <i>Host: R. Janisch</i>

The *Materials Science and Technology Seminar* is jointly organized by the *IfM* (Institute for Materials) and *ICAMS* (Interdisciplinary Centre for Advanced Materials Simulation). Members of the *RUB Materials Research Department MRD* and of the *DGM Regionalforum Rhein-Ruhr* are cordially invited to participate in the seminar. For further information please contact: Anke Arnold, anke.arnold@rub.de, phone: +49 234 32 28905.
